Beginner

Dedicated student of new technologies and softwares to stay up to date with industry standards. I have spent the past 7 months focusing on developing new skills in web development and design to add to my experience from 4+ years in customer service and 2+ years of business management. My constantly improving skillset helps me to better understand successful marketing tactics and business strategy. Constantly evaluating my performance in professional endeavors to ensure I am delivering the best of my ability and maximizing the probability of success.
